

I had the pleasure to have Anton as an intern in the Data Science and Analytics team for 2.5 months.

Anton is a very enthusiastic and thorough professional, with broad expertise which is a great asset for his career as an Analyst. We found his educational background (MSc in computer science) was very helpful in the analytical tasks he worked on during his internship.

His professional growth during the internship was very impressive

Dana Averbuch, Head of Data Science at [Pick A Pier](#)

Dear Anton! Thank you so much for an amazing work! It's one of the best I've seen for this project.

High technical execution and approach to the data. You're clearly one of the strongest student!

Congratulations :)

Anastasia Piterskaia, Data Analyst at [Plarium](#)
